LANCASTER COURT.—There were only about 30 cattle on the market at Lancaster yesterday, prices ranging from 3 to 3 1/2 for heifers. Horses brought from \$50 to \$125. There were some mules on hand, but didn't sell. It was considered by many to be the dullerest court day in years.

Col. C. R. Anderson, of Danville, has sold to Lunsford Vandall his farm of 202 acres, three miles from town, for \$11,500 cash. Mr. Vandall now owns over 1,200 acres of land in Boyle county, and is perhaps the largest land owner in this section. He formerly lived in Louisville, but moved to Boyle about six years ago.

## HYOMEI'S SUCCESS IN STANFORD.

Cured many serious cases of catarrh. Penny will refund money if it fails.

No other medicine or treatment for catarrh has ever achieved such quick and remarkable success in Stanford as Hyomei. The fact that Mr. Penny, when he first introduced Hyomei sold it under a positive guarantee to refund the money in case it did not cure contributed largely to its successful introduction. A guarantee from a firm like Penny gave people confidence at the start.

Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it; that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane, and made a complete and lasting cure.

Compared with the dangerous stomach dragging that had been used heretofore in the treatment of catarrh, the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used, for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommend it far and near. Its success here in Stanford has been remarkable, and Mr. Penny is still selling it on his personal guarantee to refund the money in case it does not give satisfaction.

## MATRIMONIAL.

Lilburn Daugherty and Miss Nina Lay were married Friday.

William Absher and Miss Mary Pittman were married Sunday.

Philip Wagner and Miss Pronetia Poulter, both deaf and dumb, will be married at Danville to-morrow.

At Rome, N. Y., John Kelley, a youth of 19, was married to Mrs. Lula Hill, a widow with six living children, the youngest of whom is older than the groom.

A marriage which created quite a surprise among the friends and acquaintances of the contracting parties was that of Capt. W. E. Grubbs, of Shelby City, and Mrs. Kate Tuttle, of Junction City, which took place yesterday afternoon at Hustonville, Rev. George Mills officiating. The bride is the widow of the late Fleming Tuttle, and is well-known in Danville.—Advocate.

Galen Carmichael, aged 72, died in Casey county last week.

## MIDDLEBURG.

B. M. Edwards, of Celeste, visited relatives at this place last week.

It is rumored that there is going to be a wedding in our midst soon.

Misses Maud James and Jessie Coulter visited Miss Ruby Fogle at Georgetown last week.

Mat Horton and family, of Frankfort, who have been visiting James McWhorter, returned home last week.

School closed Thursday with a large attendance. This makes four years that Prof. Davis has taught at this place.

F. L. Jones and Wm. Miller are building a jewelry and undertaking house in connection. Let the good work move onward.

Prof. Sherman Lawhorn, of Paris, who purchased M. N. C., will take possession the 1st of June. Prof. Lawhorn will probably build a dormitory in connection with the college.

Farmers of this section are plowing and replanting their corn. The wheat crop of this vicinity was supposed to be "froze out" but in the last few weeks it has grown surprisingly. There will be a first-class crop.

Our bustling huckster, Geo. W. Drye, was at Bethel Ridge Thursday. He purchased 2,000 dozen eggs last week. He is the busiest man on the road.

Persons having produce to sell will call or write him at this place.

Quite a number of young folks of Liberty attended the entertainment and contest at the college. J. C. Coulter, "Casey's stove king," was at Cumberland Falls last week. Col. H. H. McAninch is convalescing slowly. May, the little daughter of M. Jones, is very low with dropsy.

The contest that was given at the college Wednesday night was efficiently executed to the extreme delight of the audience. The prizes were awarded as follows: Wm. Sweeney 1st prize and Eddie Wesley second, as junior class. Miss Mary Bryant won first medal on best declamation and Miss Amelia Glass, second. The awarding committee was: Dr. J. S. Wesley, Miss Katherine Warren and Rev. J. B. Ferrell.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm; after a few applications she said it was the most wonderful pain reliever she had ever tried, in fact she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by W. N. Craig.

"Have you a good minister?" asked a summer visitor of a rural resident in New England.

"Waal, he would be, ef he warn't quite so graspin'."

"How does he show he is graspin'?"

"Waal, last winter when we gave him a donation party an' carried him a lot of 'veg' tables and other truck, an' \$40 in money, he warn't willin' that the money should go on his salary."

"But I suppose he doesn't get a very large salary."

"Waal, purty fair—\$150 a year."

R. H. Plant, president of the I. C. Plant & Sons Bank and the First National Bank, which were closed at Macon, Ga., killed himself. He had been confined to his home by illness for several days. Unnoticed, he slipped away from his nurse, secured a revolver and shot himself through the head. He was found dead on the back porch of his residence.

Rheumatic Pains Relieved.

The prompt relief from the severe pains of sciatica and rheumatism which is afforded by Chamberlain's Pain Balm is alone worth many times its cost. Mr. Willard C. Vale, of Poughkeepsie, N. Y., writes: "I am troubled with rheumatism and neuralgia of the nerves and Chamberlain's Pain Balm gives relief quicker than any liniment I have ever used." For sale by W. N. Craig.

S. W. Burke & Sons, of Junction City, have sold a half interest in their livery business to James Clarkston, of that place, and the business will hereafter be conducted in the firm name of Burke & Clarkston. Both Mr. Burke and Mr. Clarkston are energetic, enterprising business men, and the new firm will doubtless command a large patronage.—Advocate.

Adj. Gen. Haly has been notified that the inspection of the Kentucky militia made recently and reported to the war department shows the body to be in excellent condition and entitled to receive the benefits under Section 14 of the militia laws of the United States.

This action created quite a sensation.

The Russian government has received confirmatory news of a successful sortie made by the forces of Gen. Stoessel against the Japanese at Port Arthur. It is claimed at St. Petersburg that the Japanese were defeated with the loss of 1,000 killed or wounded, while the Russian loss was 116 killed or wounded. Dispatches to London papers say the Russian cruiser Bogatyr, which was stranded on the rocks near the entrance to Vladivostok, was blown up to keep the vessel from falling into the hands of the Japanese. Other reports from the theatre of war tell only of minor skirmishes with varying results.

"Do It To Day"—The time-worn in junction, "Never put off 'til tomorrow what you can do to day," is now generally presented in this: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boesche's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

## Some "Hoss Sense."

Reasons why a tin roof, not a sheet iron, is the best roof made:

1st. It will last three times as long as the best shingle and will cost very little more.

2nd. It will conduct lightning as good as any lightning rod, if the gutter is connected to a tile, with down spout.

3rd. There is 50 per cent. less danger of fire and it will reduce the insurance enough to pay the difference between it and a cheap roof.

See S. H. Aldridge, the tinner and plumber, that does the work. Phone No. 116.

R. L. HUBBLE.

Of Lincoln county, is a candidate for the nomination for State Senator in this district, subject to the action of the democratic party.

HON. G. G. GILBERT seems to have resorted to Col. Dan L. Moore's tactics of claiming. Having admitted that he was defeated if the committee did not rescind its action and call a primary, and the committee of course ignoring his demands, he is now trying to make up for lost time by claiming every county in the district, the earth and the fence enclosing it. A careful survey of the situation and a visit to several counties makes us absolutely sanguine of Mr. Helm's success in landing the nomination, the big claims made by Messrs. Gilbert and Moore to the contrary notwithstanding. The ovation given Mr. Helm at Mt Vernon yesterday showed very clearly what the good county of Rockcastle is going to do for Lincoln's favored son.

THE Negroes of the Tenth Congressional district of Tennessee (Memphis) have issued a call for a national convention to nominate a Negro ticket for president and vice president. But what's the use of that? Teddy is acceptable to the Negro and there is no reason why they should turn him down. Put Booker Washington on for second place and the team should please the most fastidious colored "groomman."

AND now the Danville Advocate has taken the stand to testify against William Randolph Hearst's fitness as presidential timber. We thought the Mt. Vernon Signal had settled Mr. Hearst's bash for all time to come, but it seems that Brer Menefee thought it necessary for him to come in and help kill the New Yorker a little deadlier. Whose time is it next?

JO A. PARKER, chairman of the Populist National Committee, says that his party convention would probably be postponed until after the democratic convention, in order that Hearst might be endorsed should the democrats name him. Mr. Parker says that Populists favor Hearst over any other man, and will support him solidly.

The great trotter, Bingin, sold for \$32,000 at Readville, Mass.

## LANCASTER.

Mr. Henry Clay Jennings lies critically ill at his home on Richmond St. The first ice cream supper of the season was given by the W. C. T. U. ladies in the Rest Room Friday evening. A neat sum was realized but the evening was too cool to bring out a large crowd.

Mrs. John C. Taylor, of Lexington, who gave an organ recital here some weeks ago, will render the music for commencement Tuesday evening. She will be the guest of Mrs. McRoberts while here.

The Lancaster ball team defeated C. U. here Friday in a one-sided game. The home boys knocked two pitchers out of the box, the score being 26 to 5. The Lancaster Graded School team will play Harrodsburg Thursday at Nicholasville, in the Blue Grass Tournament.

The Graduates' Class Day program was held on Thursday afternoon in the college chapel. The members of the class acquitted themselves with credit. The audience was large and attentive and altogether it was one of the most delightful entertainments ever given in the chapel.

## POLITICAL.

George W. Coulter has announced for sheriff of Boyle. Clark Harbison will be his deputy if elected.

Supt. John W. Rawlings has announced for re-election as superintendent of schools of Boyle county.

The Illinois republican convention adjourned until a week from to day without nominating a candidate for governor.

Postmaster General Payne says that the receipts of the postoffice department for the fiscal year ending July 1 will approximate \$144,100,000.

The democratic Congressional campaign managers are confident the next House will be democratic. "Corporations and corruption" will be one of the issues the republicans will have to face.

Mayor Tom L. Johnson, in a speech before the democratic Congressional convention at Cleveland, paid a high tribute to Joseph W. Folk, of Missouri, and said he should be kept in mind by the democrats at their coming National convention.

In this issue of the Casey County News, appears the announcement of Hon. R. L. Hubble, democratic candidate for State Senator. We have no doubt as to the genuineness of his democracy and if republican recommendation is worth while to a "good democrat," we cheerfully ask the Casey democracy to support him in his race.

## Allie Young Talks.

Judge Allie W. Young, of Mt. Sterling, and Congressman Kehoe, of Mayfield, met in this city to-day in a conference over the situation in Kentucky, especially the succession to the chairmanship of the State central committee. Judge Young said after the meeting:

"I have never stated to any one, as has been published from time to time, that I would be a candidate to succeed myself as chairman of the State committee, but I say now that I am not, nor shall I be, a candidate, and this is the first declaration I have made in that connection. My duties as Judge and private matters demand my full time and attention."

"Yes, I had a conference here to-day with Congressman Kehoe, and if he desires the chairmanship of the State committee, being a friend and neighbor, I will support him. It will be determined in a few days whether or not Mr. Kehoe will be a candidate. At any rate, there will be a candidate to test the chairmanship with Mr. McQuown. Yes, Mr. McQuown is understood to be the candidate of the State Administration."

Mr. Young declared that he was a part of the Hearst organization in Kentucky, and said he had no choice for presidential nominee.

He declared that published statements concerning his intention to be factional in recognizing contesting delegations to the State convention to be entirely false. He refused to forecast the action of the convention.—Cincinnati dispatch to Courier Journal.

His colts are in demand and are selling for high prices, either for business or breeding purposes. Will make the present season at the stable of his owner, two miles west of Stanford on the Shelby City pike at the low price of \$10 to insure a living colt. Parting with the mare for the insurance.

Billy Keene was sired by the great Tom Keene. 1st dam by the imported Palermo, 2nd dam by Levi Hubble's Prince, the sire of Joe Blackburn and Brignolia. FULL BROTHER TO ESTELLE 2:19 1-4

Sired by Zildac Gold Dust 4:00—by Gold Dust 1:20, he by Belmont Morgan. "Dorsey Gold Dust's" grand dam on sire's side was by the imp. Arabian Stallion Zildac. ## PRESTON, NO. 922.

This premium saddle stallion of the world will make the season of 1904 at the stable of J. C. Bailey, on Old Lancaster Street, in Stanford, Ky.

Preston is a brown horse, 12 years old, 15 1/2 hands high, a perfect model, with great style, action and speed.

Preston was sired by Washington No. 54, he by Cromwell No. 73, 1st dam Belle by Roderick, 2nd dam by a Denmark horse. Preston has shown against and defeated all the great show horses of Kentucky, such as Kentucky Artist, owned by J. T. Crenshaw, of Lexington, Ky., and Montgomery Chief, owned by Ball Bros. Why you should breed to Preston

1 Because he is the greatest show horse Kentucky ever produced

2 Because he is siring great show horses, such as Electra that was sold to Senator Vane for \$2,000; Rebecca, that sold at New York Exchange to George Watson for \$650; Miss Henrietta, owned by Gay Bros., that won more premiums in saddle and combined rings than any three-year-old out in 1903; a yearling colt sold to J. C. Cravins, of Illinois, for \$500.

3 Because he is the only saddle stallion that ever sired a team of harness geldings that sold for \$5,000.

4 Because he won the championship of the Louisville Horse Show in 1903, shown by Matt S. Cohen, of Richmond, Ky.

5 Because he has won more money in the show ring than any other saddle stallion in Kentucky.

6 I will be glad to show him to any one at my stable and invite those wishing to breed to a fine saddle stallion to see him before breeding. I will stand him at \$10 the season or \$15 to insure a living colt.

# A CONSOLIDATION.

We have moved our two large stocks into the West, or main room, where they are stacked to the ceiling. We are crowded, and in order to make room we will present such values as were never offered before in Stanford. The prices in many instances are cut half in two. The late Spring has hindered the moving of seasonable goods and this with the over supply makes it necessary to offer such great reductions. BEGINNING JUNE 1ST we will put these two great stocks on the market for CASH. You will get more than you thought it possible to buy for so little money. Watch next "ad."

IN speaking of the appellate judge's race the Mt. Vernon Signal says: "Judge M. C. Saufley, of Stanford, is a candidate for that honored position against Judge Cantrill, with fair prospects of winning the nomination. Judge Saufley is an able, conscientious judge and a brilliant lawyer; ripe in experience and scholarly attainments and it is greatly to be hoped that he will be a winner in the coming fight."

THE Ideal Entertainers gave two highly creditable and enjoyable entertainments at Walton's Opera House Friday and Saturday nights, but as usual the crowds were small. Mr. Stevens and Miss Norton are both good in their several lines and it is a pity that more of our people did not take advantage of the clever and clear show they gave.

WHAT A BLUSH REALLY IS—A blush is a temporary erythema and caloric effulgence of the physiognomy, actuated by one perceptiveness of the sensorium when in a predicament of equilibrium from a sense of shame, anger or other cause, eventuating in a paresis of the vasomotor filaments of the facial capillaries, whereby, being divested of their elasticity they are suffused with a radiance emanating from an intimidated praeordia—Exchange.

## Try for Health

222 South Peoria St.,  
CHICAGO, ILL., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe many women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

### PICK A WINNER.

In a communication, that sterling democrat and man, "Old Reb," so exactly expresses the political sentiment of the Times that his article is hereby printed in full:

Editor Times—Let's pick a winner, but let him be a democrat who has never faltered—who has run with the democratic party from "end to end. No man can get two-thirds of the delegated vote at St. Louis unless he be a true and tried democrat. It is very desirable and wholly necessary, to nominate a democrat that can poll the entire democratic vote and command the respect and support of some of the independent vote. I understand that Judge Parker, whose name you float at the masthead of The Times, not only voted for that peerless leader, W. J. Bryan, than whom no better friend of the great common people has lived since the days of Jefferson and Jackson, but that he contributed liberally to the necessary expenses. Holding the position of the highest judge in the great State of New York, he has exercised good taste and judgment and better politics in refusing to be dragged into the political prints, but will at the proper time be heard from on the great questions that will be pertinent in the coming campaign. If Parker can not command the vote of a united democracy "Pick a Winner" that can.

First, let him be a democrat of unfaltering type. Second, a foe of the trusts and a friend of the people, that can stand squarely upon the platform to be built at St. Louis in July next. Then let us all fall in line and, as Bishop Dudley once said of the church, he would give his right hand to the Pope of Rome and his left to the Salvation Army, and with the Episcopal church in the centre, cry out: "Forward, guide center for Christianity." So our ranks should have on one flank the Bryanites and Hearstites, on the other the Clevelandites and Gormanites, while the winner, whom two-thirds of the great democracy have picked as their choice at St. Louis, gives the command to "Forward, guide center" for democracy. Then we can say:

"He who dallies is a dastard,  
He who doubts is damned"  
—Old Reb in Glasgow Times.

### The Charm of Life.

Love is the secret spring of life  
From which all blessings flow;  
It is the thought that teaches us  
The joy of life to know.  
It is the gift the angels left  
That by it we might climb  
Near to our Heavenly Father's heart,  
In blissful realms sublime.

It lifts the soul up far above  
The sordid thoughts of life,  
And teaches us to live above  
Life's useless care and strife.  
It fills the heart with sunshine bright  
And brings such sweet content,  
We know it is the greatest gift  
God's angels ever sent.

Without it, man is but a brute;  
It is the spark divine  
That lights the human soul that it  
With wondrous light may shine.  
True love endures, immortal is,  
And happiness will bring;  
We even hear God's voice of love  
In little birds that sing.

**To The Voters of the Fifth Appellate Court District of Kentucky.**

I am a candidate for Judge of the Court of Appeals from this district, subject to the action of the democratic party. As circuit judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As judge of the State fiscal court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new constitution, as well as to construe the present constitution whenever a controversy arose as to its proper construction. Almost innumerable cases have burdened the dockets of my court, touching the rights of corporations and the exercise of franchises under the law. How well I have discharged my duties under such trying circumstances, is left to you to determine.

I will be very grateful to all who feel they can assist me to secure the high position and office to which I aspire.  
Very respectfully,  
JAMES E. CANTRILL.

## ANTECARLO, 2:26 1-2.

Made over Versailles track in winning race. Sired by Anteo, 2:164, that sold for \$50,000 at public sale, 1st dam Mary Ann, by Hailstorm 813, son of Mambrino Patchen. These two crosses produced The Abbot, 2:04, champion trotting gelding of the world. 2nd dam by Independence, son of Andrew Jackson. Independence's dam by American Star. The American Star and Andrew Jackson blood is responsible for Crescens, 2:02, the champion trotting stallion of the world. You see Antecarlo's two top crosses are responsible for the fastest gelding, two next crosses are responsible for the fastest stallion. Then you see he is better bred than either of them for he has the blood of both. Antecarlo is a solid brown horse, 15 1/2 hands high, weighing 1,170 pounds, fine style and action. One of the best posted men on trotting horses writes of him as follows:

In regard to the stallion, Antecarlo, 2:264, you bought of T. H. Smiley, I will say I worked him about 90 days in 1901 and I consider him one of the fastest trotters I ever drove, or in other words about as fast as I ever saw. I have seen him trot a 2:04 gait timed by a prospective buyer. There never was a time while he was in my charge that he could not step a quarter in 324 to cart. He does not need any extra rigging of any kind.

He will make the present season at my barn in the West End of Stanford at \$10 to insure a living colt.

Will also stand a good mule Jack at \$5 to insure a living colt. Be sure and see this Jack and Horse before breeding your mares.

### DOCK GRAY.

Shetland Pony, 5 years old, 35 inches tall, owned by Hugh Reid Foster, will make the season at \$10 to insure a living colt. Dock is by an imported pony that cost \$1,000 in the Shetland Island and is regarded by horsemen as the best pony in Kentucky, defeating all comers in show ring in 1901. Lien retained on all colts until season is paid. Mares parted with forfeits insurance and money becomes due

### GALTON 12910.

Sired by Gambetta Wilkes, 2:194; 1st dam Daisy Field, (grand-dam of Alice Wilkes 2:17, Alretta 2:154), by Enfield, sire of six in 2:30 and dams of 69 in 2:30 or better; 2nd dam Quickstep by Kentucky Prince, Jr.; sire of J. Q. 2:174, Lemonade 2:274 and the dams of 15 in the list; 3rd dam by Old Joe, sire of the dam of J. Q. 2:174. Galton carries the blood of four leading families—Wilkes, Hambletonian, Mainbrino Chief and Seeley's American Star. Galton's sire Gambetta Wilkes has 12 in the 2:19 list, 145 in the 2:30 list, having put 56 new ones in last season. His sons and daughters have over 250 in the list; this stamps Gambetta the greatest sire living or dead. Galton is so well-known as a high-class show horse and a producer of high-class show horses, and high-class high acting sellers, that comment is unnecessary. He has made all of his seasons at my stable, nine in all, and served 82 mares; last season; this is the very best of proof of a stallion's breeding qualities. The above is a good picture of Galton just as he stands—no ginger but his natural self. Will stand at \$10 to insure a live colt. Mares traded or parted with forfeits insurance and makes season money due. Grass furnished after May 1, at two dollars per month. Will stand at my place 2 miles west of Hustonsville on the Brad ordville pike. Phone in residence.

## Season 1904--Wood Lawn Stock Farm. RED LEAF,

(4-year-old record 2:22 in 9th heat over 1/2 mile track.) Sire of 3 with records better than 2:30. Champion show horse of Kentucky and leading sire of high-class road horses and teams.

**\$25 to Insure a Living Colt and a Good One at That.**

I claim it is the best interest of the owners of mares of Mercer and adjoining counties to breed to Red Leaf—1st, Because he is not for sale; I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong. 2nd, Because his colts have a reputation and have sold for higher prices undeveloped than those of any stallion in Mercer or adjoining counties. 3rd, Because his colts have taken more premiums than those of any stallion in Mercer or adjoining counties. 4th, Because he has a better record as a race horse, having won 10 out of 13 races, and a better record as a show horse, having won 58 out of 63 shows, than any stallion in Mercer or adjoining counties. 5th, Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:13, and with a dam (Lady Hart) that every colt she had took a standard record and was a winner, and whose grand-dam (Soprano) was the greatest brood mare in the world, having 11 in the list, and whose sire (C. F. Clay) sold for \$30,000, and whose dam sold for \$1,500, whose dam's sire (Red Wilkes) sold for \$30,000 for a half interest, and who himself (Red Leaf) sold at 3 years old for \$1,000 and at 4 years old for \$1,750 and that has himself sired 14 colts to sell for over \$900—some as high as \$2,000—and teams from \$1,500 to \$3,000, in Mercer and adjoining counties. 6th, But three of Red Leaf's colts were ever trained for speed and they all took records. 7th, But one of Red Leaf's colts was raced, and he started in 11 or 12 races, winning first in one and second in all the others, as shown by the Year book, and showed miles in 2:15, and would have been a sensational horse had he lived. 8th, Red Leaf has sired more high-class, high-priced teams than any stallion in Kentucky in the past two years. 9th, I can show several offers of over \$3,000 for a pair I now have. None of those sold were five years old, and most of them under three years.

Now I say if you want a trotter, Red Leaf is bred to get them, as his sire is one of the world's greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire's dam the greatest brood mare in the world. If you want a show horse, he has proven he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweepstakes and winning 24 out of 25 shows—something equaled only by the world's famous Gipsy Queen. If you want a business horse, he can get them that will sell for the highest dollars, and his fillets are sure to be great brood mares. If these are not facts, why not?

I also have a good Black Jack, to stand at \$8 to insure a living colt.
